

Sauers Cares

When we partner, your cause becomes our cause.

2022 IMPACT REPORT

Our Mission

To build and deliver hope to Bucks and Montgomery counties, Sauers Cares collaborates with local nonprofits to empower and support them in unique ways as they fulfill their missions. We provide financial and logistical support.

with Our Partners

A year of growth

2022 has been an exciting year of growth for Sauers Cares!

We hired our first full-time staff member.

We are in the process of expanding our Board of Hope Builders.

We hosted our first happy hour event to celebrate our friends & supporters.

We engaged four new nonprofit Hope Partners.

PROJECTS

DETAILS

OUTCOMES

Giving Tuesday

Benefitting Alpha Bravo Canine

Provided necessary supplies for a service dog to go home with a local veteran

- 33 Donations
- 19 Returning Donors
- 14 New Donors
- \$10,000 Donated to Alpha Bravo Canine

MUAC Car Show

Benefitting The Breathing Room

Renovated on-site kitchen space for group cooks & meals for families affected by cancer

- 160 Cars Registered
- 50 Volunteers
- 55 Sponsors
- 500+ Attendees
- Renovation Valued at \$38,000

Baci 5K

Benefitting Simon's Heart

Funded workshops for public awareness of heart disease/sudden cardiac arrest in children & funded AEDs to save lives

- 107 Runners
- 10 Volunteers
- 6 Sponsors
- \$4,700 Donated to Simon's Heart

DELIVERING HOPE TO THE BREATHING ROOM

Located in Elkins Park, The Breathing Room Foundation provides care and support to local families affected by cancer, allowing them a bit of “breathing room” from their daily struggle against cancer. BRF offers financial and logistical support, children’s wellbeing programs, meals and care packages, and emotional support.

Recently, BRF moved into a new space and one of their keystone initiatives was going to be an even greater challenge. This initiative invites volunteers to use the on-site kitchen to make home-cooked meals that are delivered to their families in need. Once a week, dedicated volunteers cook and serve meals to families and their invited guests in the formal dining room. This simple but lovely act gives families a warm and peaceful way to relax and connect without the hassle of hosting or cleaning up. Unfortunately, The Breathing Room’s new space had an outdated kitchen that didn’t even have a working stove! And that’s when Sauers Cares stepped in.

Our 2022 MUAC Car Show raised the funds to provide BRF with a full kitchen renovation, culminating in a beautiful and functional space. Sauers Cares introduced BRF to our longtime friends and supporters at TJ Kyle Construction as well as other contacts who were able to donate appliances and kitchen wares and, together, we identified the needs and wants that would most impact the BRF community. The plan was set and we all could not wait to see this amazing transformation.

Now, the kitchen is ready for cooking! The BRF kitchen has beautiful new appliances, tons of cabinets for kitchen essentials and donation storage, ample counter space, a coffee station, and a gorgeous center island for preparing and packaging or serving meals – everything to ensure the continued success of this important program that helps families facing cancer.

We’d like to send a very special thank you to everyone who made our MUAC Car Show a raging success, allowing us to make such an impact for The Breathing Room Foundation! And you better believe that the Sauers Snow team will volunteer to cook in this amazing kitchen real soon!

A Story from The Breathing Room

David and his wife Gabrielle have two teenage sons and an 8 year old daughter. David was diagnosed with an aggressive brain tumor this past summer. Due to the tumor's growth, David has to use a walker now and he is unable to work. Gabrielle cares for David as well as her mom, who moved in with them recently. David and Gabrielle were the first BRF family to enjoy a delicious homemade feast prepared in our new kitchen. They were surrounded by 10 family members and they all laughed and relaxed around the table, while our volunteers cooked, served, and packaged up plenty of leftovers for them to take home.
